Dear Prospective Partner,

This is the one time of the year we ask trusted partners and caring companies to provide conference sponsorships and scholarships to support students seeking postsecondary education and becoming future health professionals. HOSA: Future Health Professionals, a student-led organization, provides opportunities for students to develop, practice, and refine their technical, leadership and teamwork skills to achieve a seamless transition from education to career.

HOSA recognizes the importance of providing students with training beyond healthcare specific technical skills and plays a unique role in preparing students for higher education. The rapidly changing healthcare system needs dedicated workers that, in addition to their technical skills, are people-oriented and capable of playing a leader or follower role as a member of the healthcare team. Through your involvement with Utah HOSA, you have access to tomorrow's health professionals. With more than 4,500 Utah HOSA members and 200,000 members nationwide, your contribution serves as an investment to meet the demands of the healthcare workforce. HOSA is committed to preparing college and career ready young people.

To that end, we recognize the value of our partners and presenters. The Utah HOSA State Leadership Conference will be held on March 21st and March 22nd starting at noon on Thursday and ending at 6 pm on Friday at the Davis Conference Center in Layton, Utah. We would provide a table, two chairs Thursday dinner, Friday breakfast and Friday lunch as part of the vendor fee of \$150.00. We, in turn, use the vendor fees to be able to provide scholarships to our top-achieving HOSA members. If you would like to provide an educational symposium, please let me know. If this is of interest to you, we would be happy to provide you with an invoice or you may choose to mail a check to Utah HOSA: Future Health Professionals at 487 West 300 South in Orem, Utah 84058. We do accept credit cards on-site on March 21st with a 3.75% convenience fee.

Thank you, again for your interest in HOSA: Future Health Professionals and the pipeline to quality healthcare.

Sincerely,

Denise Abbott, RN, EMT, BS
Utah HOSA State Director
